COVID-19 provider activity

- Expansion in the delivery of training products
- Online or other distance delivery of VET and ELICOS
- Mandatory work placement and practical assessment in the workplace

asqa.gov.au/covid-19

Overview of provider activity

Rising to the challenges of delivering in a changed world

Reviewing what and how you deliver

- Training and assessment strategies
- Current industry operations
- Assessment systems and practices
- Trainers and assessors
- Student support

Reviewing what and how you deliver

Evaluating information about performance and using such information to inform quality assurance of services and improve training and assessment is sound business and educational practice.

Standards for RTOs
(Standard 2)

Safety in a training environment

- Maintain suitable distance between staff and students where possible, in accordance with general health advice
- Consider delivery modes
- Premises – layout, common areas, facilities
