Dear Recipient,

**Notification of decision to cancel a qualification issued to you by the former registered training organisation, Australian Academy of Elite Education (legal name DSA Ventures Pty Ltd) (RTO ID 45442).**

By notice dated 20 August 2025 the Australian Skills Quality Authority (ASQA) advised you of its intention, under section 56(1)(a) and (d) of the *National Vocational Education and Training Regulator Act 2011* (the NVR Act), to cancel the qualification(s) and/or statement(s) of attainment issued to you by the former registered training organisation, DSA Ventures Pty Ltd trading as Australian Academy of Elite Education (DSA Ventures).

That notice also invited you to provide ASQA a written response to the notice within 7 days, no later than 7:00 PM (AEST) on Wednesday 27 August 2025.

### Decision

I have made a decision to cancel your qualification(s) and/or statement(s) of attainment, (see Annexure A for Qualifications and Statements of Attainment). This decision is made in accordance with section 58(1) of the NVR Act.

### Reason for the decision

ASQA provided you with notice on 20 August 2025 that it had cancelled the registration of DSA Ventures. ASQA found that DSA Ventures did not provide the training and/or assessment necessary to ensure you had achieved the learning outcomes or competencies required prior to issuing qualification(s) and/or statement(s) of attainment to you.

ASQA found that throughout the relevant period 20 January 2023 to 3 December 2024, during which you were enrolled, undertook assessment and/or training, or were recorded as being awarded your qualification, DSA Ventures **did not**:

- a) implement a training and assessment strategy that would enable each student to meet the requirements for each unit of competency in which they were enrolled.
- b) demonstrate that it had, for all of its scope of registration, and consistent with its training and assessment strategies, sufficient facilities, whether physical or virtual, and equipment to accommodate and support the number of learners undertaking the training and assessment at each delivery location.

- c) demonstrate that it had an assessment system, including for Recognition of Prior Learning (RPL), for any of the sampled training products on scope that would ensure assessment complies with the requirements of the relevant training package and is conducted in accordance with the principles of assessment and the rules of evidence.
- d) conduct adequate assessment and ensure that only students who have fully demonstrated competence against all training package requirements have been issued with VET qualifications.
- e) demonstrate it had a system in place to ensure all trainers and assessors have demonstrated and maintained vocational competencies at least to the level being delivered and assessed and current industry skills directly relevant to the training and assessment being provided.
- f) ensure its training and assessment was delivered only by persons who have vocational competency, current industry skills or current knowledge and skills in vocational training and learning that informs their training and assessment.

None of the provider's trainers and assessors reviewed demonstrated meeting the requirements.

ASQA provided you with an opportunity to respond and submit supporting documentation that demonstrated you had engaged in training and/or assessment during the period 20 January 2023 to 3 December 2024.

As you did not provide a response to ASQA by 7:00 PM (AEST) on Wednesday 27 August 2025, and given the findings outlined above, ASQA is satisfied that DSA Ventures **did not provide you** with the training and/or assessment necessary for you to achieve the qualification(s) and/or statement(s) of attainment issued to you. I have therefore decided to cancel the qualification(s) and/or statement(s) of attainment issued to you by DSA Ventures.
