

FORM

Application for course accreditation (initial)

About this form

The Australian Skills Quality Authority (ASQA) accredits and regulates courses for delivery by registered training organisations (RTOs) under the *National Vocational Education and Training Regulator Act 2011* (Cth).

The *Standards for VET Accredited Courses 2012* apply to the design for VET accredited courses.

Accreditation means the formal recognition of a course by the National VET Regulator under the *National Vocational Education and Training Regulator Act 2011* (Cth).

Accredited courses address skill requirements for industry, enterprise and the community where these are not covered in nationally endorsed Training Packages. They also have the capacity to address changes in skill needs, and the needs of emerging and converging industries and industry sectors in a responsive manner.

This form relates to the submission of the course accreditation application. Components of the course application include this form, course document including units of competency developed specifically for inclusion in the course and evidence of industry support and validation.

An evaluation against the requirements of VET Accredited Course (VAC) Design Standards 6.1, 7.1, 7.2, 7.3, 7.4, 7.5, 7.6, 7.7, 7.8, 7.9, 7.10, 7.11, 7.12 and 7.13 of the *Standards for VET Accredited Courses 2012*, *Standards for Training Packages 2015* and the Australian Qualifications Framework Second Edition January 2013 (AQF) will be conducted.

This form applies to applications for an initial accreditation of a course.

As well as meeting the course design standards, a course owner must comply with VAC 8 Obligations of persons in respect to whom a course is accredited throughout the course accreditation period.

There are four sections to this application form:
